The emergency fire, violent hostage-taking and escaping drills

We carefully carried out the emergency fire, violent hostage-taking and escaping drills which were followed the instructions of the superiors of Agency of Corrections in Taipei Women's Detention Center, on June 12th, 2019. To coordinate the policies on Agency of Corrections, we did military simulation and hands-on drills by current staffs and equipment. According to the superiors' suggestions and instructions, we could improve the emergency response works much better. Forewarned is forearmed.

Fire Drill

The firefighters extinguished the fire.

Fire Drill

Guiding the inmates to the gym to take refuge, and doing a preliminary medical examination for the injuries.

Riot Drill

The riot squad arrived on the scene and subdued the inmates who took the hostages.

The medical service team transported the injury to the hospital as soon as possible.
